Any common shares purchased by Clarke pursuant to the Share Issuer Bid will be cancelled.

In connection with the program, the Company has established an automatic securities purchase plan (the "**Plan**") for the Share Issuer Bid. The Plan was established to provide standard instructions regarding how Clarke shares are to be repurchased under the Share Issuer Bid. Accordingly, Clarke may repurchase its shares under the Plan on any trading day during the Share Issuer Bid including during self-imposed trading blackout periods. The Plan will commence immediately and terminate with the Share Issuer Bid. The Company may otherwise vary, suspend or terminate the Plan only if it does not have material non-public information and the decision to vary, suspend or terminate the Plan is not taken during a self-imposed trading blackout period. The Plan constitutes an "automatic plan" for purposes of applicable Canadian securities legislation and has been pre-cleared by the Toronto Stock Exchange.

Purchases under the Plan may commence on June 29, 2022 and will terminate on June 28, 2023.

The Directors and Senior Management of Clarke are of the opinion that from time to time the purchase of Clarke common shares at the prevailing market price would be a worthwhile use of available funds and in the best interests of the Company and its shareholders. Clarke acquired 441,300 common shares by means of open market transactions through the facilities of the TSX and alternative Canadian trading systems pursuant to the normal course issuer bid that expires on June 28, 2022, at a weighted average price of \$9.48 per share.
